

# Levi Hood

## CLOUD ENGINEERING STUDENT & USAF VETERAN

916.236.8614 | [hoodlevi2@gmail.com](mailto:hoodlevi2@gmail.com) | [linkedin.com/in/levi-hood](https://linkedin.com/in/levi-hood)

Cloud Engineering student at the University of Arizona with hands-on experience in AWS, Azure, and DevOps. After six years in the USAF as an Instructor and Evaluator Flight Engineer, I developed a passion for solving complex technical challenges and leading teams. Now, I'm applying that experience to Cloud Computing, focusing on automation, security, and scalable infrastructure. Currently hold an active TS/SCI clearance.

---

### Technical Skills

Cloud Platforms: AWS, Azure

Infrastructure as Code (IaC): Terraform, Git

DevOps & Automation: AWS CLI, Python, Bash, PowerShell, R

Containers & Orchestration: Kubernetes

Security & Networking: RBAC, PCAP Analysis, IAM

Operating Systems: Windows, Linux, macOS

---

### Education

#### **University of Arizona / B.A.S. Applied Computing (Cloud Computing Emphasis)**

OCT 2023 - DEC 2025

Building expertise in AWS, Azure, cloud architecture, and cybersecurity. My coursework includes networking, virtualization, automation, and computational thinking, providing a solid foundation for Cloud Engineering, DevOps roles, and scalable cloud solutions.

#### **Community College of the Air Force / A.A.S. Aviation Operations**

COMPLETED NOV 2023

Studied aviation systems, operations management, and technical problem-solving, developing strong analytical and organizational skills in military flight operations.

---

### Experience

#### **United States Air Force / Evaluator Flight Engineer (Helicopter)**

JAN 2019 - JAN 2025, Francis E. Warren AFB, WY

Led training operations and oversaw aviation programs as Head of Exercises, Training Manager, and Standardization & Evaluations Liaison. Modernized training products by transitioning them to a cloud-based record system. Revamped and managed the unit's remote publications server, ensuring crews had continuous access to up-to-date manuals for Federal Aviation compliance. Balanced these responsibilities while performing aviation duties in high-pressure environments.

#### **Golden 1 Credit Union / Member Service Representative II**

MAY 2017 - DEC 2018, Roseville, CA

Provided financial solutions and customer support, developing strong problem-solving and communication skills applicable to cloud support roles.
